GLENDALÉ VOTERS SHOULD CHECK ON POLLING LOCATION

Glendale, Ariz. — Glendale voters should be aware of their correct polling location before casting their vote in the Primary Election Aug. 28, because redistricting boundaries for city districts have created changes for some individuals in their polling locations.

Voters not on the permanent early voter list will be mailed their sample ballot, which will show their assigned polling location. The city is encouraging voters to read the materials sent to them carefully.

For more information and a list of Glendale's polling places, visit www.glendaleaz.com/clerk.
